INDEPENDENT AUDITOR'S REPORT

To the City Council
City of Borger, Texas

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of Borger, Texas, as of and for the year ended September 30, 2007, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of City of Borger, Texas' management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Borger, Texas, as of September 30, 2007, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and budgetary comparison information on pages 2 through 9 and 18 through 10, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Borger, Texas' basic financial statements. The introductory section, combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Council Member

This section of the City of Borger’s annual financial report presents discussion and analysis from City management regarding the City’s financial performance, the independent auditor’s report, and the City’s basic financial statements during the fiscal year that ended on September 30, 2008 with comparative information for the fiscal year ended September 30, 2007.

FINANCIAL HIGHLIGHTS

- Total Net Assets of the City of Borger equal \$22.6 million, up from \$21.6 million from FY 2006-2007. This is a result of \$43.9 million in assets and \$21.3 million in liabilities (\$43.2 million in assets less \$21.6 million in liabilities for FY 2006-2007).
- Overall, City expenditures of governmental funds increased 17.6% from \$9.8 million in FY 2006-2007 to \$11.5 million in FY 2007-2008. A significant reason for this increase was the construction and renovation of infrastructure at the Johnson Park Youth Center. A \$3.2 million dollar project funded from Series 2006 Certificates of Obligation. As of the close of FY 2007-2008 this project is approximately 50% complete.
- The State of Texas does not provide for a statutory debt limit for cities. The truth-in-taxation criterion specifies that debt (Interest & Sinking) requirements must be met first, then operations. The property tax rate to meet these needs cannot exceed \$2.50 per \$100 valuation. The City has bonded debt in the amount of \$9.5 million secured by the levy and collection of a direct and continuing ad valorem tax on all taxable property within the City. Based on a population of 14,302 (2000 Census) the per capita debt for the City is \$664.24 and the ratio of bonded debt to assessed value is 2.15% .
- The City of Borger is compliant with the GASB 34 reporting model, which requires accounting for depreciation of fixed assets within governmental activities. Shown within the Statement of Net Assets, the FY 2007-2008 fixed asset year-end balance is \$33.7 million (net of depreciation). This is comprised of \$9.0 million for governmental activities and \$24.7 million for business-type activities.
- Financially, FY 2007-2008 was a great year. In the General Fund the City collected \$837,832 more in revenues than the budgeted amount. This was primarily attributed to strong retail sales as a result of a robust economy. Area petroleum and petrochemical plants continue with large expansion projects that have attracted a significant number of construction workers into the area. Another contributing factor was higher than anticipated revenues from franchise taxes due to a spike in natural gas prices during the fall and winter months.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements.

- The Statement of Net Assets and the Statement of Activities (sometimes referred to as government-wide financial statements) provide information about the activities of the City as a whole and represent a longer-term view of the City’s finances. They reflect the flow of total economic resources in a manner similar to the financial reports of a business.
- Fund financial statements report the City’s operations in more detail than the governmental wide statements by providing information about the City’s most significant funds. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending.
- The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of government.
- The notes to the financial statements provide narrative explanations or additional data needed for full disclosure in the government-wide and fund financial statements.
- Finally, the combining statements for non-major funds contain even more information about the City’s individual funds.

Reporting the City as a Whole

One of the most important questions asked about the City’s finances is “Is the City as a whole better off or worse off as a result of the year’s activities?” The *Statement of Net Assets* and the *Statement of Activities* report information about the City as a whole and about activities in a way that helps answer this question. The Statement of Net Assets includes *all* assets and liabilities at the end of the year; and, the Statement of Activities include all the revenues and expenses generated by the City’s operations during the year. These statements apply the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year’s revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report changes in the City’s net assets. The City’s net assets (the difference between assets and liabilities) provide one measure of the City’s financial health, or financial position. Over time, increases or decreases in the City’s net assets are one indicator of whether its financial health is improving or deteriorating. To fully assess the overall health of the City, however, you should consider non-financial factors as well, such as changes in the City’s property tax base, strength of the local economy and the condition of the City’s facilities.

Reporting the City’s Most Significant Funds

Some funds are required to be established by State laws and bond covenants. However, the City Council establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money.

The City uses different accounting approaches for different types of funds:

Governmental funds – Most of the City’s basic services are included in governmental funds which use modified accrual accounting method, and focus on (1) how cash and other financial assets that can readily be converted to cash flow into and out of these funds, and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City’s programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds in the reconciliation schedules following each of the fund financial statements.

Enterprise funds – Services for which the City charges customers (whether outside customers or other units of the city) for the full cost of the services it provides are generally reported in enterprise funds. These business-type activities, like the government-wide statements, provide both long- and short-term financial information. Business type activities are reported in the same way that all activities are reported in the Statement of Net Assets and the Statement of Activities.

Fiduciary funds – The City has fiduciary responsibility for other assets that – because of trust arrangements – can be used only for the trust beneficiaries. The City is responsible for ensuring the assets reported in those funds are used for their intended purposes. All of the City’s fiduciary activities are reported in a separate statement of Fiduciary Net Assets and a statement of Changes in Fiduciary Net Assets. We exclude these activities from the City’s government-wide financial statements because the City cannot use these assets to finance its operations.

Component Unit – Component unit information for the Borger Economic Development Corporation (BEDC) is presented in the Statement of Net Assets and the Statement of Activities. The BEDC is a component unit of the City of Borger and is specifically governed by the Texas Development Corporation Act of 1979, as amended. The purpose

of the BEDC is to promote and develop industrial and manufacturing enterprises in order to promote and encourage employment and the public welfare of the City.

In the supplemental information section, the City has provided detailed schedules of revenues, expenditures, and changes in fund balances. In addition, detailed historical data can be found regarding comparative balance sheets, budget verse actual comparisons, tax receivables, tax levies, property values, detailed information on debt and proprietary fund balances, water/sewer statistical information and insurance coverage. The reports are intended to provide the user with information beyond the realm of the traditional auditing requirements.

FINANCIAL ANALYSIS

The City as a Whole

The following table provides a comparison between the activities for FY 2007-2008 and FY 2006 -2007 under the GASB 34 model.

Changes in the City of Borger's Net Assets

	Governmental		Business-type		Totals	
	Activities		Activities			
	Fiscal Year		Fiscal Year		Fiscal Year	
	2006-2007	2007-2008	2006-2007	2007-2008	2006-2007	2007-2008
Assets:						
Current and other Assets	\$ 7,137,248	\$ 6,102,065	\$ 3,687,626	\$ 4,040,566	\$ 10,824,874	\$ 10,142,631

Invested in Capital Assets	\$ 5,478,114	\$ 2,977,572	\$ 10,200,948	\$ 10,705,009	\$ 15,679,062	\$ 13,682,581
Restricted	\$ 1,232,388	\$ 3,535,495	\$ 96,164	\$ 61,008	\$ 1,328,552	\$ 3,596,503
Unrestricted	\$ 1,454,678	\$ 1,980,100	\$ 3,157,373	\$ 3,341,227	\$ 4,612,051	\$ 5,321,327
Total Net Assets	\$ 8,165,180	\$ 8,493,167	\$ 13,454,485	\$ 14,107,244	\$ 21,619,665	\$ 22,600,411

The following chart represents graphically, how the City’s Net Assets have changed since the implementation of GASB Statement 34 in 2002.

The City’s Governmental Activities

Governmental activities include all funds except business-type activities and the component unit of the BEDC. Examples include the General Fund (Administration, Animal Control, Fire, Code Enforcement, Legal, Parks/Recreation, Planning & Zoning, Police, Public Works, Refuse Collection Municipal Court, Emergency Management and various other departments), Tourism Fund, Special Projects Funds, Grant Funds, Debt Service Funds, Capital Improvement and Capital Equipment Funds and various other funds. The following charts graphically represent the City’s revenues for FY 2007-2008 as well as a historical view of the property, debt service, and sales taxes for the last several years.

FY 2007-2008 Revenue by Source - Governmental Activities

Historical Property Taxes

Historical Sales Taxes

The cost of all governmental activities this year was \$11.5 million compared to \$9.8 million for FY 2006-2007. However, as shown in the Statement of Activities, the amount that our taxpayers ultimately funded through property taxes was only \$2.2 million. The balance of \$9.3 million was funded by those who directly benefited from the programs or services, sales tax, industrial district contracts, previously authorized bond proceeds, and other sources of revenue. Capital expenditures within governmental activities are depreciated over their useful life as a result of the GASB 34 model. The following chart graphically represents the City's expenditures on governmental activities for FY 2007-2008.

FY 2007-2008 Expenditures - Governmental Activities

Expenditures of governmental activities are spread among a wide variety of functions. Recreation expenditures during this year accounted for 21% of all governmental activity. The majority of that was improvements to the aforementioned Johnson Park Youth Center Project.

The project scope includes a new gymnasium, restroom and shower facilities, new entry and commons area, remodel of the existing youth center and new parking and landscape areas. The construction phase began in the first quarter of 2008 and should continue through the first quarter of 2009.

However, public safety, which includes the Police, Fire, Animal Control, Emergency Management, Municipal Court, and Code Enforcement still comprises close to half of all expenditures for governmental activities. The following chart represents a historical view of the cost to provide those basic services for the last several years.

Historical Public Safety Expenditures

Business-type Activities

The 2007 - 2008 Budget also included Business-type activities (often referred to as Enterprise Funds) from the operation of our water, and sewer operations. During FY 2007-2008 the operating income from the City’s business-type activities was \$1.0 million.

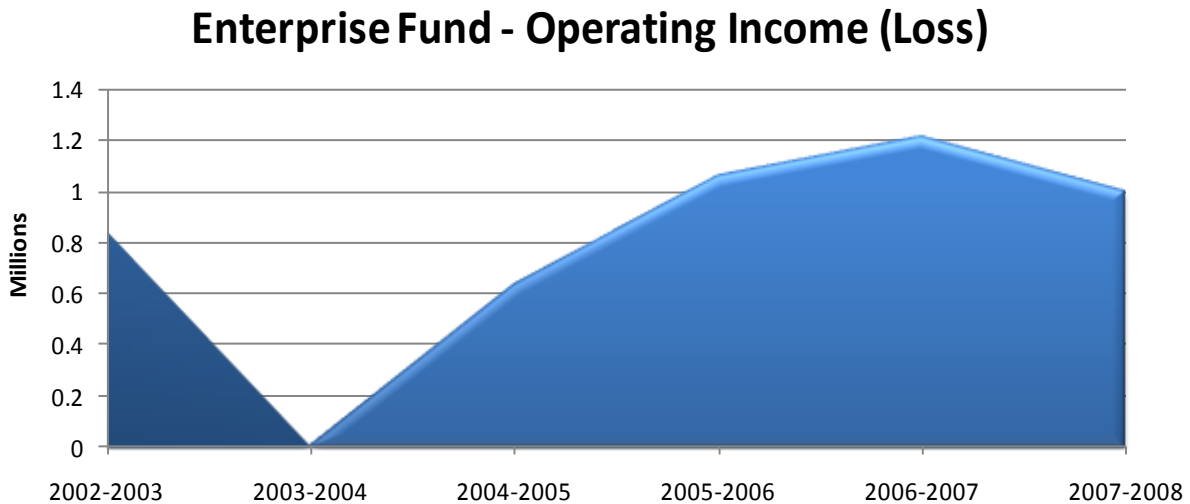

Over the last several years the City has greatly expanded industrial water sales and invested in major capital improvements including two new water wells currently in the construction phase with completion expected in the second quarter of 2009; and, the acquisition of approximately 1200 acres of water rights located in Carson County and within the Panhandle Ground Water Conservation District; three water wells; booster pump station and storage tank; seven (7) to eight

(8) miles of pipeline and associated rights-of-way; and a two million gallon ground storage tank on approximately 4 acres of land. As a result of this acquisition Degussa Engineered Carbons now purchases approximately 275 to 300 million gallons of water exclusively from the City of Borger on an annual basis. The sale of water to this industrial customer has increased water revenue by approximately \$350,000 to \$375,000 annually. This acquisition was completed with no increase in personnel.

For over fifty years, the Canadian River Municipal Water Authority (CRMWA) has worked to serve its member cities and all citizens of the Texas Panhandle and South Plains by providing a dependable and safe source of municipal and industrial water. The City is an original member of the CRMWA. Since its beginning, CRMWA has incurred debt for projects to secure, develop, and deliver water to the eleven member cities. Currently, the City is obligated to the CRMWA for bonded indebtedness of approximately \$9.4 million. This obligation is paid on a monthly basis out of the Enterprise Fund operating revenues and will be retired in 2026.

With Lake Meredith (one of the City’s major sources of water) at historically low levels, the acquisition of additional long-term water supplies will continue to be one of our high priority goals. We will facilitate this goal through continued partnership with the CRMWA in the expansion of the John C. Williams Well Field and through development of our own water resources.

Historically, some excess revenue has been transferred from the Enterprise Fund to the General Fund for services rendered in order to supplement the City’s governmental activities. In recent years this need has been greatly reduced by a robust economy and greater than anticipated sales tax. The following chart dramatically shows the effect of very limited transfers out of the Enterprise Fund and increased sales of industrial water since FY 2003-2004.

FY 2007-2008 Expenditures - Business-type Activities

LONG-TERM DEBT

In recent years, the City has shifted a portion of its debt burden from the General Fund to the Interest & Sinking Fund. Currently, the City has \$9.5 million in outstanding long-term debt payable from the levy and collection of a direct and continuing ad valorem tax within the limit prescribed by law, on all taxable property within the city.

As described earlier, the City, under contractual agreements with the CRMWA, is obligated for long-term debt in the amount of \$9.4 million. By law, the debt service for these obligations cannot be funded from ad valorem taxes. The City funds this debt fully from operational revenues generated from business-type activities.

City of Borger's Outstanding Debt
FY 2007-2008

City Outstanding Debt	Remaining Principal	*2007-2008 Debt Service	Maturity Year
General Obligation Refunding Bonds Series 1995	\$ 545,000	\$ 202,810	2010

Total CRMWA Obligated Debt	\$ 9,399,789	\$ 904,790	
Total City and CRMWA Long-term Debt	\$ 18,904,789	\$ 1,936,043	

* Current requirements are estimated

Standard and Poor’s recently reviewed the City’s various Obligation Bonds and have *upgraded* the rating from “A-“ to “A+” while affirming a stable outlook. The rationale states, in part, that “Borger is the regional economic center for Hutchinson County. Over the past five years, assessed value has increased by 3% annually while overall debt levels are moderate at 5.2% of the market value.”

STATUS OF CITY RESERVES

The following is a listing of the City’s unaudited Governmental and Business-type reserves comparative information from last year. The City as a whole ended FY 2007-2008 with an unaudited balance of \$8.9 million compared to \$10.0 million for FY 2006-2007. While both of the unrestricted General Fund and Water/Sewer Fund reserve balances increased, the total reserves decreased due to expenditures related to the Johnson Park Youth Center Project. The following table lists each of the City’s funds (funds where the City acts solely as a fiduciary are not included) separately with comparative information from the previous year.

**City of Borger's Statement of Governmental Fund Balances
 FY 2007-2008**

Governmental Activities Group	Fiscal Year 2006-2007	Fiscal Year 2007-2008	Percent Change
General Fund	\$ 1,350,927	\$ 1,636,215	21%
City Tourism Fund	\$ 110,157	\$ 89,558	-19%

* All fund balances are unaudited

CURRENT EVENTS, THE BUDGET, UPCOMING CHALLENGES

Current Events

The City’s elected and appointed officials considered many factors when setting the FY 2007–2008 Budget and tax rates. One of those factors was the economy. Borger’s economy has been based on and intertwined with oil and the petro chemical industry since its inception; during

the current year very high crude oil prices and the completion of a major expansion project at the Conoco\Phillips Refinery, and the continued construction of Chevron/Phillips’s polyphenylene sulfide (PPS) plant, re-energized the local economy.

Construction of two new hotels continued throughout the year. The yet to be scheduled opening of the Hampton Inn and the April 2009 scheduled opening of the Holiday Inn Express will expand hotel/motel and tourism industries.

The Borger Economic Development Corporation which shows up as a non-major component in many of the tables contained within this audit continues to be active and successful in the recruitment and retention of businesses and companies. Their primary focus is on the creation of primary jobs, however, efforts are continuing in four other areas identified as critical to Borger and the surrounding area. These areas include availability of housing, acute and long term healthcare, construction of an events/multi-purpose community center, and participating with Hutchinson County in the construction of a new terminal building at the Hutchinson County Airport. To that end, two of those goals are well underway. Construction for Sunny-Brook Assisted Living Facility should begin by mid 2009 and through a joint effort with Hutchinson County and a grant from the State of Texas a new Airport Terminal building is currently in the design stages with construction proposed for late 2009 or early 2010. Also, a third goal, the possibility of a new hospital is frequently discussed and land negotiations for several sites have occurred.

Budget

These factors were conservatively taken into account when adopting the FY 2007-2008 Budget. The City will use its revenues to finance programs we currently offer and expand spending in maintenance of streets and rights of ways. For several years, no funding has been available for the street seal coating program. In order to protect and preserve vital road infrastructure this program was resurrected with funding allocated in the FY 2007-2008 Budget. Funding for this important program was significantly increased in the FY 2008-2009 Budget. Other programs that an increased emphasis has been placed on include, clean up and maintenance of rights-of-ways and highly visible areas of the City, removal of junk and/or abandoned vehicles, and eliminating unsightly nuisances through compliance and/or enforcement of ordinances.

Upcoming Challenges

As we move forward, the downturn in the national economy will present new challenges. During FY 2007-2008 the Municipal Cost Index increased by 8.3%; however, as of this report, the index has decreased by 5.2% since the end of FY 2007-2008 indicating a drastic change in the national economy as it relates to the cost of goods and services for municipal governments.

Retention of long-term and/or highly qualified employees in the modern market place will continue to present significant challenges. Active succession planning requires a major investment

in both time and financial resources. However, with the City’s aging administrative staff, it is an investment that the City must continue to make.

CONTACTING THE CITY’S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City’s finances and to show the City’s accountability for the money it receives. If you have questions about this report or need additional financial information, contact the City Manager, at the City of Borger, 600 N. Main, PO Box 5250 Borger, Texas, 806-273-0900.

CITY OF BORGER
 RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
 STATEMENT OF NET ASSETS
 September 30, 2008

Total Fund Balances - Governmental Funds	\$ 5,275,452
The City uses internal service funds to charge the costs of certain activities, such as self-insurance and printing, to appropriate functions in other governmental funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets. The net effect of this consolidation is to increase (decrease) net assets.	\$ 161,724
Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. At the beginning of the year, the cost of these assets was \$16,256,302 and the accumulated depreciation was \$9,294,428 in addition, long-term liabilities, including bonds payable, are not due and payable in the current period, and, therefore are not reported as liabilities in the funds. The net effect of including the beginning balances for capital assets (net of depreciation) and long-term debt in the governmental activities is to increase (decrease) net assets.	\$ 1,198,705
Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of including the 2008 capital outlays and debt principal payments is to increase (decrease) net assets.	\$ 2,399,409
The 2008 depreciation expense increases accumulated depreciation. The net effect of the current year's depreciation is to decrease net assets.	\$ (477,295)
Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing deferred revenue as revenue, eliminating interfund transactions, reclassifying the proceeds of bond sales as an increase in bonds payable, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase (decrease) net assets	\$ (64,828)
Net Assets of Governmental Activities	\$ 8,493,167

CITY OF BORGER
 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
 REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
 TO THE STATEMENT OF ACTIVITIES
 September 30, 2008

Total Net Change in Fund Balances - Governmental Funds	\$ (1,401,446)
The city uses some internal service funds to charge the costs of certain activities primarily to the governmental funds. The net income (loss) of these internal service funds are reported with governmental activities. The net effect of this consolidation is to increase (decrease) net assets.	\$ 1,208
Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of removing the 2008 capital outlays and debt principal payments is to increase (decrease) net assets.	\$ 2,399,409
Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease net assets.	\$ (477,295)
Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing deferred revenue as revenue, adjusting current year revenue to show the revenue earned from the current year's tax levy, eliminating interfund transactions, reclassifying the proceeds of bond sales, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase (decrease) net assets.	<u>\$ (174,909)</u>
Change in Net Assets of Governmental Activities	<u><u>\$ 346,967</u></u>

CITY OF BORGER
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2008

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

City of Borger (the “City”) was incorporated October 28, 1926, under the provision of Article II Section 4 of the Texas Constitution. It is governed by a five member City Council (the “Council”) elected by registered voters of the City. The City prepares its basic statements in conformity with generally accepted accounting principles promulgated by the Governmental Accounting Standards Board and other authoritative sources identified in *Statement on Auditing Standards No. 69* of the American Institute of Certified Public Accountants.

A. REPORTING ENTITY

The City Council (the “Council”) is elected by the public and it has the authority to make decision, appoint administrators and managers, and significantly influence operations. It also has the primary accountability for fiscal matters. Therefore, the City is a financial reporting entity as defined by the Governmental Accounting Standards Board (“GASB”) in its Statement No. 14, “The Financial Reporting Entity”. Management in determining what potential component entities should be included for financial reporting purposes, considered accountability for fiscal matters, other manifestations of oversight responsibility, scope of public service, and special financing relationships. Fiscal accountability, the most significant of all the criteria, refers to conditions of financial interdependency between two entities including budgetary adoption, taxing authority, responsibility for debt, control over the ability to select governing authority, designate management or significantly influence operations. The scope of public service evaluates the benefits derived in terms of the citizenry service or the geographic boundaries included. These are based upon and consistent with those set forth in National Council on Governmental Accounting Statement No 3: “Defining the Governmental Reporting Entity,” and Interpretation No. 7, there of. As required by generally accepted accounting principles, the financial reporting entity discreetly reports those of the City of Borger (the primary government).

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Assets and the Statement of Activities are government-wide financial statements. They report information on all of the City of Borger and its component units, non-fiduciary activities, activities with most of the interfund activities removed. *Governmental activities* include programs supported primarily by taxes, charges for services and other intergovernmental revenues. *Business-type activities* include operations that rely to a significant extent on fees and charges for support. The

primary government is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The Statement of Activities demonstrates how other people or entities that participate in programs the City operates have shared in the payment of the direct costs. The “charges for services” column includes payments made by parties that purchase, use, or directly benefit from goods or services provided by a given function or segment of the City. Examples include refuse charges, water and sewer charges, etc. The “grants and contributions” column includes amounts paid by organizations outside the City to help meet the operational or capital requirements of a given function. If revenue is not program revenue, it is general revenue used to support all of the City’s functions. Taxes are always general revenues.

Interfund activities between governmental funds and between governmental funds and proprietary funds appear as due to/from on the Governmental Fund Balance Sheet and Proprietary Fund Statement of Net Assets and as other resources and other uses on the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balance and on the Proprietary Fund Statement of Revenues, Expenses and Changes in Fund Net Assets. All interfund transactions between governmental funds are eliminated on the government-wide statements. Interfund activities between governmental funds and enterprise funds remain on the government-wide statements and appear on the government-wide Statement of Net Assets as internal balances and on the Statement of Activities as interfund transfers. Interfund activities between governmental funds and fiduciary funds remain as due to/due from on the government-wide Activities.

The fund financial statements provide reports on the financial condition and results of operations for three fund categories - governmental, proprietary, and fiduciary. Since the resources in the fiduciary funds cannot be used for City operations, they are not included in the government-wide statements. The City considers some governmental and enterprise funds major and reports their financial condition and results of operations in a separate column.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues result from providing goods and services in connection with a proprietary fund’s principal ongoing operations; they usually come from exchange or exchange-like transactions. All other revenues are non-operating. Operating expenses can be tied specifically to the production of the goods and services, such as material and labor and direct overhead. Other expenses are non-operating.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting, as do the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash

flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, current liabilities and fund balances are included on the balance sheet. Operating statements of these funds present net increases and decreases in current assets (i.e., revenues and other financing sources and expenditures and other financing uses).

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available, and it recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable, except for un-matured interest and principal on long-term debt, which is recognized when due. The expenditures related to certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated when expendable available financial resources. The City considers all revenues available if they are collectible within 60 days after year end.

Revenues from local sources consist primarily of property taxes. Property tax revenues are recognized under the “susceptible to accrual” concept, that is, when they are both measurable and available. The City considers them “available” if they will be collected within 60 days of the end of the fiscal year. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available.

Grant funds are considered to be earned to the extent of expenditures made under the provision of the grant. Accordingly, when such funds are received, they are recorded as deferred revenues until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors some times require the City to refund all or part of the unused amount.

The Proprietary Fund Types and Fiduciary Funds are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable. The City applies all GASB pronouncements as well as the Financial Accounting Standards Board pronouncements issued on or before November 30, 1989, unless these pronouncements conflict or contradict GASB pronouncements. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the Fund Statement of Net Assets. The fund equity is segregated into invested in capital assets net of related debt, restricted net assets, and unrestricted net assets.

D. FUND ACCOUNTING

The City reports the following major governmental funds:

1. **The General Fund-** The General Fund is the City's primary operating fund. It accounts for all financial resources except those required to be accounted for in other funds.

The City reports the following major enterprise fund(s):

1. **The Water and Sewer Fund-** The Water and Sewer Fund is the City's Enterprise Fund. It accounts for all the operations of the water and sewer activities.

Additionally, the City reports the following fund type(s):

Governmental Funds:

1. **Special Revenue Funds-** The District accounts for resources restricted to, or designated for, specific purposes by the City or a grantor in a special revenue fund. Most Federal and some State financial assistance is accounted for in a Special Revenue Fund, and sometimes unused balances must be returned to the grantor at the close of specified project periods.
2. **Debt Service Funds-** The City accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of Governmental funds in a debt service fund.
3. **Capital Projects Funds-** The City accounts for the acquisition of capital assets or construction of major capital projects not being financed by Proprietary or Fiduciary Funds.

Proprietary Funds:

4. **Enterprise Funds-** The City's activities for which outside users are charged a fee roughly equal to the cost of providing the goods or services of those activities are accounted for in an enterprise fund. The City had one non-major enterprise fund, an internal service fund.

Fiduciary Funds:

5. **Private Purpose Trust Funds-** The City accounts for donations for which the donor has stipulated that both the principal and the income may be used for purposes that benefit parties outside the City. The City has no Private Purpose Trust Funds.

6. **Pension (and Other Employee Benefit) Trust Funds-** These funds are used to account for local pension and other employee benefit funds that are provided by the City in lieu of or in addition to the Texas Municipal Retirement System. The City has one fund, deferred compensation fund for employees electing to be covered under this plan.
7. **Investment Trust Fund-** This fund is one in which the City holds assets in trust for other entities participating in an investment program managed by the district. The City has no investment trust funds.
8. **Agency Funds-** The City accounts for resources held for others in a custodial capacity in agency funds. The City has no Agency Funds.

E. OTHER ACCOUNTING POLICIES

1. For purposes of the statement of cash flows for proprietary funds, the City considers highly liquid investments to be cash equivalents if they have a maturity of three months or less when purchased.
2. The City reports inventories of supplies at cost on the first-in, first-out basis. The costs of inventory items are recorded as expenditures in the governmental fund types and expenses in the proprietary fund types when used.
3. In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

4. It is the City's policy to permit some employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the City does not have a policy to pay any

amounts when employees separate from service with the City. All vacation pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

5. Capital assets, which include land, buildings, furniture and equipment and infrastructure assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Buildings, furniture and equipment of the City are depreciated using the straight line method over the following estimated useful lives:

<i>Assets</i>	<i>Years</i>
<i>Buildings</i>	20-50
<i>Infrastructure</i>	5-50
<i>Vehicles</i>	5-10
<i>Equipment</i>	2-15
<i>Computer Equipment</i>	5

6. In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available to appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.
7. When the City incurs an expense for which it may use either restricted or unrestricted assets, it uses the restricted assets first whenever they will have to be returned if they are not used.

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND BALANCE SHEET AND THE GOVERNMENT-WIDE STATEMENT OF NET ASSETS

Exhibit C-2 provides the reconciliation between the fund balance for total governmental funds on the governmental fund balance sheet and the net assets for governmental activities as reported in the government-wide statement of net assets. One element of that reconciliation explains that capital assets are not financial resources and are therefore not reported in governmental funds. In addition, long-term liabilities, including bonds payable, are not due and payable in the current period and are not reported as liabilities in the funds. The details of capital assets and long-term debt at the beginning of the year were as follows:

Capital Assets at the beginning of the year	Historical Cost	Accumulated Depreciation	Net Value at the Beginning of the Year	Change in Net Assets
<i>Land</i>	\$1,056,095	\$0	\$1,056,095	
<i>Buildings</i>	\$3,306,546	\$1,298,198	\$2,018,348	
<i>Furniture & Equipment</i>	\$6,899,375	\$3,971,746	\$2,927,629	
<i>Infrastructure</i>	\$4,984,286	\$4,024,484	\$959,802	
<i>Change in Net Assets</i>				\$6,961,874

Long-Term Liabilities at the Beginning of the Year	Payable at the Beginning of the Year
<i>Bonds Payable</i>	\$545,000
<i>Loans Payable</i>	\$179,605
<i>Certificates of Obligation</i>	\$5,000,000
<i>Interest Payable</i>	\$38,564
<i>Change in Net Assets</i>	(\$5,763,169)
<i>Net Adjustments to Net Assets</i>	\$1,198,605

B. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

Exhibit C-4 provides a reconciliation between the net changes in fund balance as shown on the governmental fund statement of revenues, expenditures, and changes in

fund balances and the changes in net assets of governmental activities as reported on the government-wide statement of activities. One element of that reconciliation explains that current year capital outlays and debt principal payments are expenditures in the fund financial statements, but should be shown as increases in capital assets and decreases in long-term debt in the government-wide statements. This adjustment affects both the net asset balance and the change in net assets. The details of this adjustment are as follows:

<i>Current Year Capital Outlay</i>	<i>Amount</i>	<i>Adjustment to Changes in Net Assets</i>	<i>Adjustments to Net Assets</i>
<i>Buildings</i>	\$1,124,940		
<i>Land</i>	\$3,500		
<i>Furniture & Equipment</i>	\$918,283		
<i>Total Capital Outlay</i>	\$2,046,723	\$2,046,723	\$2,046,723
<i>Debt Principal Payments</i>			
<i>Bond Principal</i>	\$175,000		
<i>Loan Principal</i>	\$177,686		
<i>Certificates of Obligation Principal</i>	\$0		
<i>Total Principal Payments</i>	\$352,686	\$352,686	\$352,686
<i>Total Adjustments to Net Assets</i>		\$2,399,409	\$2,399,409

Another element of the reconciliation on Exhibit C-4 is described as various other reclassifications and eliminations necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. This adjustment is the result of several items. The details for this element are as follows:

<i>Adjustments to Revenue and Deferred Revenue</i>	<i>Amount</i>	<i>Adjustments to Changes in Net Assets</i>
<i>Proceeds from Notes Payable</i>	(\$117,369)	(\$117,369)
<i>Other Items</i>	(\$57,540)	(\$57,540)
<i>Total</i>	(\$174,909)	(\$174,909)

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. BUDGETARY DATA

The City Council adopts an “appropriated budget” for the General Fund, Debt Service Fund and the Special Revenue Funds. The City is required to present the adopted and final amended budgeted revenues and expenditures for each of these funds. The City

compares the final amended budget to actual revenues and expenditures. The General Fund Budget report appears in Exhibit C-5 and the other two reports are in Exhibit J1 and J2.

The following procedures are followed in establishing the budgetary data reflected in the general-purpose financial statements:

1. Prior to September 15, the City prepares a budget for the next succeeding fiscal year beginning October 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Council is then called for the purpose of adopting the proposed Budget. At least ten days' public notice of the meeting must be given.
3. Prior to October 1, the budget is legally enacted through passage of an ordinance by the Council.
4. All budget appropriations lapse at year end.

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

A. DEPOSITS AND INVESTMENTS

The funds of the City must be deposited and invested under the terms of a contract, contents of which are set out in the **Depository Contract Law**. The depository bank places approved pledged securities for safekeeping and trust within the City's agent bank in an amount sufficient to protect City funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

On September 30, 2008, the carrying amount of the City's deposits (cash, certificates of deposit, and interest-bearing savings accounts included in temporary investments) was \$1,601,441 and the bank balance was \$1,978,713. The City's cash deposits at September 30, 2008 and during the year ended September 30, 2008 were entirely covered by FDIC insurance or by pledged collateral held by the City's agent bank in the City's name.

In addition, the following is disclosed regarding coverage of combined balances on the date of highest deposit:

1. Depository: Amarillo National Bank

2. The market value of securities pledged as of the date of the highest combined balance on deposit was \$2,670,392.
3. Total amount of FDIC coverage at the time of the highest combined balance was \$250,000.

The **Public Funds Investment Act** (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the City to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit. Statutes authorize the City to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) Mutual Funds, (8) Investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the City to have independent auditors test procedures related to investment practices as provided by the Act. The City is in substantial compliance with the requirements of the Act and with local policies.

Both cash deposits and investments held at a financial institution can be categorized according to three levels of risk. These three levels of risk are:

- Category 1 - Cash or Investments that are insured, registered, or held by the City or by its agent in the City's name.
- Category 2 - Cash or Investments that are uninsured and unregistered held by the counter-party's trust department or agent in the City's name.
- Category 3 - Uninsured and unregistered investment held by the counter-party, its trust department, or its agent, but not in the City's name.

Based on these three levels of risk, all of the City's investments are classified as Category 1.

The City's investments at September 30, 2008, are shown below:

<i>Name</i>	<i>Carrying Amount</i>	<i>Market Value</i>	<i>Category</i>
<i>Texpool</i>	\$7,530,225	\$7,530,225	1

- Custodial credit risk - For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investment (or related collateral securities that are held by an outside party). The City has no custodial credit risk for its investments at September 30, 2008.
- Interest rate risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City's investment policy minimizes the risk by investing in the State of Texas investment pool.
- Credit risk - Credit risk is defined as the risk that an issuer or other counterpart to an investment in debt securities will not fulfill its obligation. The City's investment policy minimizes credit risk by limiting investments to Texpool is managed by the State of Texas.
- Concentration of credit risk - Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The City's investment policy places no limit on the amount the City may invest in any one issuer. As of September 30, 2008, the City's investments in any single issuer do not exceed five percent of its total investment. Investments issued or explicitly guaranteed by the U. S. government and investments in external investment pools are excluded from this requirement.

B. PROPERTY TAXES

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the City in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 31 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available (1) when they become due or past due and receivable within the current period and (2) when they are expected to be collected during a 60-day period after the close of the school fiscal year.

C. DELINQUENT TAXES RECIEVABLE

Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible tax receivables within the General and Debt Service Funds as based on historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the City is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

D. INTERFUND BALANCES AND TRANSFERS

Interfund balances consist of the following at September 30, 2008:

<i>Due to General Funds from:</i>		
<i>Internal Service Fund</i>	\$212,759	Provide funds for major purchases
<i>Payroll Fund</i>	\$1,495	Temporary balance from corrections
<i>Total Due to General Fund</i>	\$214,254	

<i>Due to Enterprise Funds from:</i>		
<i>Internal Service Fund</i>	\$92,600	Provide funds for major purchases
<i>Payroll Fund</i>	\$2,956	Temporary balance from corrections
<i>Total Due to General Fund</i>	\$95,556	

Interfund transfers for the year ended September 30, 2008, consisted of the following:

<i>Transfers to General Fund from:</i>		
<i>Enterprise Funds</i>	\$200,000	Share of operating expense
<i>Total Transferred to General Fund</i>	\$200,000	

<i>Transfers to Capital Equipment Fund from:</i>		
<i>Enterprise Funds</i>	\$33,714	Provide for purchase of Equipment
<i>General Funds</i>	\$299,706	Provide for purchase of Equipment
<i>Total Transferred to Capital Equipment Fund</i>	\$333,420	

Transfers to Debt Service Fund from:		
General Fund	\$395,000	Pay on Long-Term Debts
Total Transferred to General Fund	\$395,000	

E. DISAGGREGATION OF RECEIVABLES AND PAYABLES

Receivable at September 30, 2008, were as follows:

	<i>Property Taxes</i>	<i>Other Governments</i>	<i>Due from other Funds</i>	<i>Other</i>	<i>Total Receivables</i>
Governmental Activities:					
<i>General Fund</i>	\$241,611	\$0	\$0	\$129,691	\$371,302
<i>Total-Governmental Activities</i>	\$241,611	\$0	\$0	\$129,691	\$371,302
<i>Amounts not Scheduled for Collection During the Subsequent Year</i>	\$84,290				\$84,290
Business-type Activities:					
<i>Enterprise Fund</i>	\$0	\$0	\$0	\$526,374	\$526,374

The Primary Government had \$516,602 in accounts payable and accrued liabilities at year-end. This was principally made up of vouchers expensed but not yet disbursed and payroll liability not yet disbursed, both due to the normal lag in processing such transactions.

The Borger Economic Development Corporation Component Unit had \$4,574 accrued salaries at year-end which had not yet been disbursed.

F. CAPITAL ASSET ACTIVITY

Capital asset activity for the City ended September 30, 2008, was as follows:

	Beginning Balance	Primary Government Additions	Retirements	Ending Balance
Governmental Activities:				
Land	\$1,056,095	\$3,500	(\$0)	\$1,059,595
Buildings & Improvements	\$3,316,546	\$1,124,940	(\$0)	\$4,441,486
Furniture & Equipment	\$6,899,375	\$1,424,626	(\$0)	\$8,324,001
Infrastructure	\$4,984,286	\$0	(\$0)	\$4,984,286
Totals at Historic Cost	\$16,256,302	\$2,553,066	(\$0)	\$18,809,368
Less Accumulated Depreciation for:				
Buildings & Improvements	(\$1,298,198)	(\$85,603)	\$0	(\$1,383,801)
Furniture & Equipment	(\$3,971,746)	(\$383,008)	\$0	(\$4,354,754)
Infrastructure	(\$4,024,484)	(\$45,027)	\$0	(\$4,069,511)
Total Accumulated Depreciation	(\$9,294,428)	(\$513,638)	\$0	(\$9,808,066)
Governmental Activities Capital Assets, Net	\$6,961,874	\$2,039,428	(\$0)	\$9,001,302
Business-type Activities:				
Land	\$252,254	\$3,500	(\$0)	\$255,754
Buildings & Improvements	\$294,489	\$0	(\$0)	\$294,489
Furniture & Equipment	\$1,243,995	\$138,927	(\$292,131)	\$1,090,791
Improvements/Infrastructure	\$43,297,496	\$0	(19,271)	\$43,278,225
Totals at Historic Cost	\$45,088,234	\$142,427	(\$311,402)	\$44,919,259
Less Accumulated Depreciation for:				
Buildings & Improvements	(\$269,261)	(\$5,613)	\$0	(\$274,874)
Furniture & Equipment	(\$1,027,725)	(\$26,368)	\$291,131	(\$761,962)
Improvements/Infrastructure	(\$18,351,163)	(\$832,034)	\$19,271	(\$19,163,926)
Total Accumulated Depreciation	(\$19,648,149)	(\$864,015)	\$311,402	(\$20,200,762)
Business-type Activities Capital Assets, Net	\$25,440,085	(\$721,588)	(\$0)	\$24,718,497

Depreciation expense was charged to governmental functions as follows:

<i>Administration</i>	\$14,868
<i>Vehicle Service Center</i>	\$3,010
<i>Police</i>	\$80,255
<i>Fire</i>	\$122,175
<i>Fire Prevention</i>	\$978
<i>Animal Control</i>	\$4,172
<i>Central Dispatching</i>	\$1,119
<i>Code Enforcement</i>	\$3,741
<i>Building Standards</i>	\$486
<i>Street & Alley Maintenance</i>	\$57,029
<i>Refuse Collection</i>	\$42,287
<i>Transfer Station</i>	\$39,416
<i>Public Works Director</i>	\$3,743
<i>Data Processing</i>	\$10,950
<i>Emergency Management</i>	\$10,460
<i>Recycling Center</i>	\$2,028
<i>Recreation</i>	\$5,942
<i>Parks</i>	\$64,925
<i>Swimming Pool</i>	\$3,764
<i>Planning & Zoning</i>	\$5,947
	\$477,295

G. CERTIFICATES OF OBLIGATION AND LONG-TERM NOTES PAYABLE

Certificates of Obligation indebtedness of the City is reflected in the General Long-Term Debt Account Group. Current requirements for principal and interest expenditures are accounted for in the Debt Service Fund.

A summary of changes in general long-term debt for the year ended September 30, 2008 is as follows:

<i>Description:</i>	<i>Interest Rate Payable</i>	<i>Amounts Originally Issued</i>	<i>Interest Current Year</i>	<i>Payable Amounts</i>		<i>Outstanding September 30, 2008</i>
				<i>Outstanding Oct. 1, 2007</i>	<i>Issued Retired</i>	
<i>Refunding Series 1995</i>	4.0% - 5.2%	\$2,110,000	\$27,810	\$545,000	\$0 \$175,000	\$370,000
<i>Series 2006 C/O's</i>	4.25% - 5.0%	\$5,000,000	\$199,352	\$5,000,000	\$0 \$0	\$5,000,000
<i>Notes Payable</i>	Various	\$1,403,494	\$68,405	\$179,605	\$596,853 \$122,728	\$653,730
Total			\$295,607	\$5,724,605	\$126,853 \$317,030	\$6,023,730

In prior years, the City defeased certain general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the City's financial statements. The advance refunding met the requirements of an in-substance debt defeasance and the term bonds were removed from the City's General Long-Term Debt Account Group.

There are a number of limitations and restrictions contained in the general bond indenture. Management has indicated that the City is in compliance with all significant limitations and restrictions at September 30, 2008.

H. COMMITMENTS UNDER OPERATING LEASES

Commitments under operating (non-capitalized) lease agreements for facilities and equipment provide for minimum future rental payments as of September 30, 2008 are as follows:

<i>Year Ending September 2008</i>	\$40,768
<i>Total Minimum Rentals</i>	\$40,768
<i>Rental Expenditures in Fiscal Year 2008</i>	\$12,149

I. DEBT SERVICE REQUIREMENTS-LONG-TERM DEBTS

Debt service requirements for long-term debt are as follows:

1,022,201

The annual requirements to amortize all debt outstanding as of September 30, 2007, including interest payments is \$7,882,372 for General Long-Term Debt and \$4,593,371 for Enterprise Fund Long-Term Debt, are as follows:

<i>Fiscal Year Ended September 30, 2008</i>	<i>General Long-term Debt</i>			<i>Enterprise Fund</i>			Total
	<i>Capital Leases</i>	<i>Notes Payable</i>	<i>Bonds</i>	<i>Bonds</i>	<i>Certificates of Obligation</i>	<i>Notes Payable</i>	
<i>2008</i>	\$0	\$121,404	\$416,535	\$498,678	\$112,891	\$17,671	\$1,167,179
<i>2009</i>	\$0	\$113,262	\$417,535	\$501,377	\$115,341	\$4,418	\$1,151,934
<i>2010</i>	\$0	\$90,487	\$417,475	\$502,990	\$112,506	\$0	\$1,123,458
<i>2011</i>	\$0	\$90,487	\$408,975	\$498,690	\$114,536	\$0	\$1,112,688
<i>2012</i>	\$0	\$90,487	\$405,475	\$498,503	\$116,306	\$0	\$1,110,771
<i>2013 – 2017</i>	\$0	\$183,498	\$4,169,600	\$502,460	\$366,806	\$0	\$5,222,364
<i>2018 – 2021</i>	\$0	\$0	\$,972,400	\$0	\$0	\$0	\$972,400
<i>Totals</i>	\$0	\$689,626	\$7,207,995	\$3,002,698	\$938,386	\$22,089	\$11,860,794

J. ACCUMULATED UNPAID VACATION AND SICK LEAVE BENEFITS

All full time employees of the City are entitled to annual vacation and sick leave with pay. The employees are generally allowed vacation leave of up to 25 days depending on length of service and can carryover up to 40 hours into future years. Sick leave may be accumulated at 18 hours per year with a 6 month maximum; however, upon termination, the employee is not paid for any unused sick leave. Since vacation leave has up to 40 hours carried over to future years and sick leave is not paid upon termination, no reporting for commitments is required as the liability would be an insignificant amount.

K. EMPLOYEES' RETIREMENT PLANS

Plan Description.

The City provides pension benefits for all of its full-time employees through a non-traditional, joint contributory, hybrid defined benefit plan in the state-wide Texas Municipal Retirement System (TMRS), one of 827 administered by TMRS, an agent multiple-employer public employee retirement system.

Benefits.

Benefits depend upon the sum of employee's contributions to the plan, with interest, and the City-financed monetary credits, with interest. At the date the plan began, the City granted monetary credits for service rendered before the plan began of a theoretical amount equal to two times what would have been contributed by the employee, with interest, prior to establishment of the plan. Monetary credits for service since the plan began are a 100 percent of the employee's accumulated contributions. In addition, the City can grant, as often as annually, another type of monetary credit referred to as an updated service credit which is a theoretical amount which, when added to the employee's accumulated contributions and the monetary credit for service since the plan began, would be the total monetary credits and employee contributions accumulated with interest if the current employee contribution rate and City matching percent had always been in existence and if the employee's salary had always been the average of his salary in the last three years that are one year before the effective date. At retirement, the benefit is calculated as if the sum of the employee's accumulated contributions with interest and the employer-financed monetary credits with interest were used to purchase an annuity.

The plan provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS and within the actuarial constraints also in the statutes. Plan provisions for the City were as follows as of April 4, 2007:

<i>TMRS Plan Provisions</i>	
<i>Deposit Rate</i>	7%
<i>Matching Ration (City to Employee)</i>	2 to 1
<i>A member is vested after</i>	10 Years

Members can retire at certain ages, based on the years of service with the City. The Service Retirement Eligibilities for the city, expressed as Age/Years if Service are: 10 years at age 60 or 20 years at any age.

Contributions.

Under the state law governing TMRS, the actuary annually determines the City contribution rate. This rate consists of the normal cost contribution rate and the prior service cost contribution rate, both of which are calculated to be a level percent of payroll from year to year. The normal cost contribution rate finances the currently accruing monetary credits due to the City matching percent, which are the obligation of the City as of an employee's retirement date, not all the time the employee's contributions are made. The normal cost contribution rate is the actuarially determined percent of payroll necessary to satisfy the obligation of the City to each employee at the time his/her retirement become effective. The prior contribution rate amortizes the unfunded (overfunded) actuarial liability (asset) over the remainder of the plan's 25 year amortization period. Since the City needs to know its contribution rate in advance for budgetary purposes, there is a one-year delay between the actuarial valuation that serves as the basis of the rate and the calendar year goes into effect. (i.e. December 31, 2007 valuation is effective for rates beginning January 2009.

<i>Schedule of Actuarial Liabilities and Funding Progress</i>	
<i>Actuarial Valuation Date:</i>	December 31, 2007
<i>Actuarial Value of Assets</i>	\$11,763,780
<i>Actuarial Accrued Liability</i>	\$20,944,198
<i>Percentage Funded</i>	56.2%
<i>Unfunded (Overfunded) Actuarial Accrued Liability (UALL)</i>	\$9,180,418
<i>Annual Covered Payroll</i>	\$4,734,263
<i>UAAL as a Percentage of Covered Payroll</i>	193.9%
<i>Net Pension Obligation (NPO) at the Beginning of Period</i>	\$0
<i>Annual Pension Cost:</i>

<i>Cost of Living Adjustments</i>	None

The City of Borger is one of 827 municipalities having the benefit plan administered by TMRS. Each of the 827 municipalities has an annual, individual actuarial valuation performed. All assumptions for the December 31, 2007 valuations are contained in the 2007 TMRS Comprehensive Annual Financial Report, a copy of which may be obtained by writing to P.O. Box 149153, Austin, TX. 78714-9153.

Other.

At its December 8, 2007 meeting, the TMRS Board of Trustees adopted actuarial assumptions to be used in the actuarial valuation for the year ended December 31, 2007. A summary of actuarial assumptions and definitions can be found in the December 31, 2007 TMRS Comprehensive Annual Financial Report (CAFR).

Since its inception, TMRS has used the Unit Credit actuarial funding method. This method accounts for liability accrued as of the valuation date, but does not project the potential future liability of provisions adopted by a city. Two-thirds of the cities participating in TMRS have adopted the Updated Service Credit and Annuity Increases provisions on an annually repeating basis. For the December 31, 2007 valuation, the TMRS Board determined that the Projected Unit Credit (PUC) funding method should be used, which facilitates advance funding for future updated service credits and annuity increases that are adopted on an annually repeating basis. In addition, the Board also adopted a change in the amortization period from a 25-year “open” to a 25-year “closed” period. TMRS Board of Trustee rules provide that, whenever a change in actuarial assumptions or methods results in a contribution rate increase in an amount greater than 0.5%, the amortization period will be increased to 30 years, unless a city requests that the period remain at 25 years. For cities with repeating features, these changes would likely result initially in higher required contributions and lower funded ratios; however, the funded ratio should show steady improvement over time. To assist in this transition to higher rates, the Board also approved an eight-year phase-in period, which will allow cities the opportunity to increase their contributions gradually (approx. 12.5% each year) to their full rate (or their required contribution rate).

If the changes in actuarial funding method and assumptions had not been adopted for the 2007 valuation, the city's unfunded actuarial accrued liability would have been \$18,328,199 and the funded ratio would have been 64.2%.

In addition, TMRS is currently working on its legislative package for 2009. There is a possibility that the investment rate of return (IRR) assumption of 7% IRR assumption is contingent in part on the continued diversification of the TMRS portfolio, from an almost exclusive bond portfolio to a portfolio that includes equities as well. If state legislation needed to facilitate the continued diversification is not enacted, TMRS may have to revisit the continued diversification of the portfolio and consider reducing the assumed IRR. A reduction in the IRR would result in increased actuarial accrued liabilities, thus causing further increases in city contribution rates, following the December 31, 2009 actuarial valuation.

L. HEALTH CARE COVERAGE

During the year ended September 30, 2008 employees of the City of Borger were covered by a health insurance plan. The City paid premiums of \$333.00 per month per employee to the plan and employees, at their option authorized payroll withholdings to pay contributions or premiums for dependents. The City pays 65% of health insurance for the employee's family and dependent coverage. All premiums were paid to the Texas Municipal League Group Benefits Risk Pool. The City purchases commercial insurance for claims in excess of coverage provided by the Fund. Settled claims have not exceeded the commercial coverage in fiscal year 2008.

M. CHANGES IN LONG-TERM LIABILITIES

Long-Term activity for the year ended September 30, 2008, was as follows:

<i>Governmental Activities:</i>	<i>Beginning Balance</i>	<i>Additions</i>	<i>Reductions</i>	<i>Ending Balance</i>	<i>Due Within One Year</i>
<i>Bonds and Notes Payable:</i>					
<i>General Obligation Bonds</i>	\$5,545,000	\$0	(\$175,000)	\$5,370,000	\$180,000
<i>Equipment Note</i>	\$179,605	\$596,853	(\$122,728)	\$653,730	\$121,404
<i>Total Bonds & Notes Payable</i>	\$5,724,605	\$596,853	(\$297,728)	\$6,023,730	\$301,404
<i>Total Government Activities Long-term Liabilities</i>	\$5,724,605	\$596,853	(\$297,728)	\$6,023,730	\$301,404

<i>Business-type Activities:</i>	<i>Beginning Balance</i>	<i>Additions</i>	<i>Reductions</i>	<i>Ending Balance</i>	<i>Due Within One Year</i>
<i>Bonds and Notes Payable:</i>					
<i>G/O Refunding Bonds Ser. 2002</i>	\$3,075,000	\$0	(\$400,000)	\$2,675,000	\$410,000
<i>Cert. of Obligation Series 2002</i>	\$885,000		(\$80,000)	\$805,000	\$85,000
<i>Notes Payable</i>	\$38,230	\$0	(\$16,636)	\$21,594	\$17,203
<i>Total Bonds & Notes Payable</i>	\$3,998,230	\$0	(\$496,636)	\$3,501,594	\$512,203
<i>Total Business-type Activities Long-term Liabilities</i>	\$3,998,230	\$0	(\$496,636)	\$3,501,594	\$512,203

N. LONG-TERM DEBT-ENTERPRISE FUND

The ordinance authorizing the issuance of Tax and Waterworks and Sewer System Surplus Revenue Refunding Bonds Series 1992 and Certificates of Obligations Series 1992 which are to provide for (i) to refund all of the City's outstanding revenue bond debt, (ii) to renovate and expand the water treatment plant, (iii) to construct improvements to the system, and (vi) to pay the costs related to the issuance of the Series 1992 obligation. It empowered the issuance of \$6,875,000 special obligation bonds and \$2,000,000 certificates of obligation to mature no later than seventeen years from their date. The refunding was accomplished to eliminate cumbersome, expensive and unnecessary restriction governing the disbursements and management of the funds of the system and the orderly and economical financing of capital improvements for said system and to accomplish such changes and modifications, regarding were financed with Series 2002 Bonds and Certificates of Obligation.

The ordinance authorizing the issuance of Tax and Waterworks and Sewer System Surplus Revenue Certificates of Obligation Series 2002 and General Obligation Refunding Bonds Series 2002 which are to provide (i) to refund the City's 1992 revenue bond debt to achieve debt service savings, (ii) to pay costs related to the issuance of the bonds, (iii) to construct improvements and extensions to the water and sewer system and (iv) to pay professional services rendered in relation to the construction and financing of such projects.

O. NOTES PAYABLE

During the Fiscal Year ended September 30, 2008, the City entered into notes payable to purchase equipment for the general fund and enterprise fund. The transactions were reflected in the proper funds.

P. COMMITMENT OF CANADIAN RIVER MUNICIPAL WATER AUTHORITY

The City is a member of the CRMWA which began regular delivery of surface water on April 1, 1968, to a number of area cities. The City is obligated to pay its share

of the cost of constructing the dam and aqueduct over a 50 year period, which began September 1, 1969. The total cost to the City will be \$8,453,684, including interest of \$3,791,482. The Canadian River Municipal Authority issued Contract Revenue Refunding Bonds, Series 1999 for financing of the Bureau of Reclamation prepayment Project. The bond proceeds were used to retire the Bureau of Reclamation debt for construction of Sanford Dam, Lake Meredith and the Canadian River Aqueduct System. Under the "Canadian River project Prepayment Act, HR 3687, the outstanding debt was retired with the issuance of the new bonds. The City of Borger had a profit on refunding bonds in the amount of \$2,164,133 to be amortized over the maturity date of the 1999 Bond issue. The City is also obligated to pay its share to certain fixed and variable expenses of operation each year. The balance owed at September 30, 2008 is \$842,472 plus interest. The surface water supply contract is stated at cost. Amortization is provided for using the straight line method on an estimated life of 85 years.

The City is a member of CRMWA which purchased the conjunctive use ground water supply in Roberts County, Texas. The water from the project will be blended with water from Lake Meredith to improve the quality of water available to the City, and to increase the water supply available to the City. The City is obligated to pay its share of the cost of acquiring the water rights and construction of the water system. Total cost incurred as of September 30- 2008 is \$5,223,419. The City owes \$3,228,764 at September 30, 2008, plus interest. The project is stated at cost and will be amortized over an estimated useful life.

The City is a member of CRMWA, participates in the Lake Meredith Salinity Control Project. The project, designed to reduce the amount of sodium-chloride brine seeping into Lake Meredith, will improve the quality of its water supplies to meet the secondary standards for drinking water. The City is obligated to pay its share of the cost of construction. The total cost of the project is \$291,324. The bonds issued for this project are to mature on March 15, 2010. The monthly requirement to amortize the debt outstanding is estimated at \$2,200. Payments will fluctuate and be recalculated in February of each year. The City will be obligated to pay its share of certain fixed and variable expenses of operation each year. The balance owed at September 30, 2008 is \$33,674 plus interest. The project is stated at cost and is amortized over an estimated useful life of 53 years.

The City is a member of CRMWA which participates in the Series 2005, Conjunctive Use Groundwater Supply Project. The City is obligated to pay its share of the project. Total cost of the project is estimated at \$2,659,346 for the City of Borger's share. Revenue Bonds were issued to fund the project at 3.00% to 5.25% interest to be paid semiannually on February 15 and August 15 and the principal is due annually on February 15. The balance owed at September 30, 2008 is \$2,659,346. The project is stated at cost and is amortized over an estimated useful life.

The City is a member of CRMWA which participates in the Series 2006, Conjunctive Use Groundwater Supply Project. The City is obligated to pay its share of the project. Total cost of the project is estimated at \$2,723,844 for the City of Borger's

share. Revenue Bonds were issued to fund the project at 5.00% interest to be paid semiannually on February 15 and August 15 and the principal is due annually on February 15. The balance owed at September 30, 2008 is \$2,635,533. The project is stated at cost and is amortized over an estimated useful life.

Q. LITIGATION

The City is a defendant in several claims and lawsuits. In the opinion of the City Attorney and Management, the resolution of these matters will not have a material adverse effect on the financial condition of the City.

R. DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

The City funds all amounts of compensation deferred under the plan, at the direction of the covered employee, through investments in fixed and variable rate annuity contracts underwritten by International City Manager Association (ICMA) Retirement Corporation, The Hartford and Nationwide.

All amounts deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property and rights of the City subject only to the claims of the City's general creditors. Participants' rights under the plan are equal to those of general creditors of the City in an amount equal to the fair market value of the deferred account for each participant.

The deferred compensation plans are reported in the Agency Fund. The plans are presented at fair market value and captioned as "investments" with corresponding liabilities captioned "deferred compensation benefits".

The investments for deferred compensation plans are categorized to give an indication of the level of risk assumed by the entity at year end. Category 1 includes plans that are insured or registered or for which the securities are held by the City or its agent in the City's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the broker's or dealer's trust department or agent in the City's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the broker or dealer, or by its trust department or agent but not in the City's name. All investments in deferred compensation plans are Category 1 and held in the City's account and recorded at market value.

	<i>Category</i>			<i>Market Value</i>
	<i>1</i>	<i>2</i>	<i>3</i>	
<i>Nationwide</i>	\$206,567	\$0	\$0	\$206,567
<i>The Hartford</i>	\$13,675	\$0	\$0	\$13,675
<i>ICMA Plan</i>	\$21,530	\$0	\$0	\$21,530
	\$241,772	\$0	\$0	\$241,772

S. GRANT PROGRAMS

The City participates in state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the City has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable at September 30, 2008 may be impaired. In the opinion of the City, there are not significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

T. CONTRACTS WITH CHAMBER OF COMMERCE

The City entered into one contract with the Borger Chamber of Commerce to promote tourism in Borger. The tourism contract comes from hotel and motel occupancy tax which amounts to \$89,539 for the fiscal year ended September 30, 2008. The Chamber of Commerce complied with the contract regarding the records being made available to the City’s independent auditor for inspection.

U. TRANSFER STATION COMPLIANCE STATEMENT

The City of Borger meets the Local Government Financial Test and Government Guarantee as specified in Texas Administrative Code Chapter 37. The City of Borger is the owner of the MSW #40015, Transfer Station for which financial assurance for closure, post-closure care, and/or corrective action is demonstrated through the financial tests specified in Texas Administrative Code, Paragraph 37.271.

V. CONTINGENCIES

Effective January 1, 1978, The City of Borger became a covered employer for Texas and Federal Unemployment, and the City has elected to become a reimbursing employer thereby reimbursing the Texas State Fund for actual benefits paid to their former employees. As of the present time, the liability for reimbursements is an insignificant amount.

W. DISCRETELY PRESENTED MAJOR COMPONENT UNIT

Component unit information for the City's major component unit, Borger Economic Development Corporation, is provided in the following condensed financial statements for the fiscal year ended September 30, 2008:

Condensed Statement of Net Assets	
Assets:	
Cash, Investments, and Other Assets	\$1,164,852
Notes Receivable	\$229,075
Capital Assets-Net	\$1,936,817
Total Assets	\$3,330,744
Liabilities:	
Accounts Payable and Other Current Liabilities	\$4,574
Long-term Debt	\$0
Total Liabilities	\$4,574
Net Assets:	
Invested in Capital, Net of Related Debt	\$1,936,817
Restricted	\$0
Unrestricted	\$1,389,353
Total Net Assets	\$3,326,170

Condensed Statement of Activities				
	Expenses	Charges for Services	Capital Grants and Contributions	Net (Expense) Revenues and Changes in Net Assets
Economic Development	\$815,192	\$14,300	\$0	(\$800,892)
General Revenues:				
Sales Tax				\$938,460
Loss of Assets				(\$41,022)
Other				\$33,770
Change in Net Assets				\$130,316
Net Assets, October 1, 2007				\$3,166,354
Prior Year Adjustment				\$29,500
Net Assets, September 30, 2008				\$3,326,170

Memo: Prior year adjustment is due to a note receivable being charged to expenses as a grant in error. Therefore, the assets were understated by \$29,500 and the expenditures were overstated by \$29,500.

September 30, 2014	\$ 485,000	\$ 17,460	\$ 502,460	3.600%
	<u>\$ 2,675,000</u>	<u>\$ 327,698</u>	<u>\$ 3,002,698</u>	

Note: The bonds were issued on November 19, 2002. The bonds are scheduled to mature on August 1, with the interest payable semiannually on February 1, and August 1. The series was authorized for \$4,905,000 with an original issue of \$4,905,000.

On the bond maturity date of August 1, 2012, or any date thereafter, the rights are reserved to redeem bonds in the principal amount of \$5,000 or any integral multiple thereof at the par value thereof plus accrued interest to the fixed date of redemption.

The bonds are refunding water and sewer obligations and are to be paid from an ad valorem tax levied against all taxable property in the City, within the limits prescribed by law.
